

FINANCIAL AID REQUEST GUIDELINES

Selection Criteria:

The number of scholarships awarded is based on the level of contributions received each year. The amount of scholarship will be determined on a case by case situation and is subject to availability of funds.

- Priority will be given to those families who have not received scholarships within the past 12 months.
- If families have more than 1 child attending and qualify under the income guidelines it is at the discretion of the review committee whether the additional siblings will be awarded funds as well.
- Scholarships will not be awarded without further documentation of proof of income. If a tax return is not filed, other documents will have to be submitted to prove monthly income of the family.
- The review committee will meet 6 weeks prior to the event to review all applications at that time.
